¿Sabías qué el unicelel se puede reciclar?

Así es, **nuestras molduras están hechas en México** en un proceso de **fabricación sustentable** en donde le damos una segunda vida al unicelel y lo transformamos en Poliestireno, un material muy resistente y de gran durabilidad.

¿Cómo es el proceso de reciclaje?

RECOLECCIÓN

Comenzamos recolectando unicelel, se descontamina y se comprime.

RECICLADO

El unicelel pasa por un proceso limpio que reduce el impacto ambiental para rehusarse como material de fabricación.

FABRICACIÓN DE MOLDURA

El material reciclado pasa por moldes de diversas formas y tamaños para convertirse en los marcos de nuestros productos.

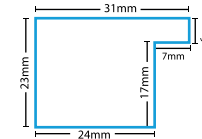

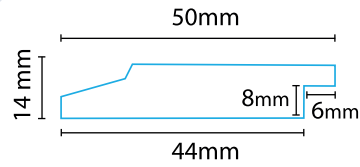

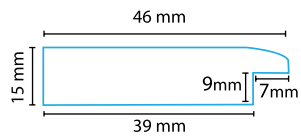

ARMADO DEL PRODUCTO

Terminamos con un artículo de diseño único, acabado fino y de gran durabilidad listo para decorar tu entorno,

ABC

Colección de gran variedad de **texturas, formas y tamaños.**
Diseños innovadores que van acorde a las decoraciones
en tendencia.
